

ATLANTIC WATER TECHNOLOGY LTD

PRODUCT INFORMATION

A-830

A-830

GENERAL
DESCRIPTION

A-830 is general purpose non caustic powdered detergent, soluble in water. A-830 is non corrosive to ferrous and non ferrous metals. A-830 can be used for external and internal cleaning of equipment.

USES

A-830 should be dissolved in water to give 1-10% solution, depending on the application. A-830 solution should be circulated using independent pumps, although compressed air may be used to agitate tanks.
